Land transfers are operated on a four wheel drive touring basis, providing guests with the opportunity to explore and appreciate the spectacular Blue Mountains region en-route to Wolgan Valley. The helicopter transfer offers guests an unforgettable aerial journey over Sydney and the breathtaking canyons which make up the Greater Blue Mountains World Heritage area.

One way land and air transfers can be combined for a round trip, as can the various land itinerary and departure options. A scheduled land/air package rate is available - see last page of this rate sheet for details.
